

A large aircraft carrier is shown from a low angle, sailing on the ocean. The ship's superstructure, including the bridge and various antennas, is visible on the left side. The sky is filled with dark, dramatic clouds, and the overall tone is somber and powerful. The text is overlaid on the upper and lower portions of the image.

EMPIRE**

DANIELE GANSER

INTERNATIONAL BESTSELLING AUTHOR

“With this book, Daniele Ganser has succeeded in conveying historical background knowledge in a compact form, making it easy to read, especially for young people. This is absolutely necessary in view of increasing skepticism toward US policy with uninterrupted transatlantic propaganda in the media.”

—**Karl-Heinz Peil, *FriedensJournal***

“In his interesting book, Ganser describes in detail the role of the US war machine in enforcing the empire’s claims to power.”

—**Tilo Gräser, *Sputnik***

“Dr. Phil. Daniele Ganser, Swiss historian and peace activist, is one of the outstanding contemporary thinkers who fight against “general memory loss” by profoundly reappraising historical events and making their findings available to the people in a clear and understandable language.”

—**Afsane Bahar, *Neue Rheinische Zeitung***

“The great thing about Daniele Ganser’s books is that they provide solid facts that can be verified at any time, encouraging the reader to draw their own conclusions. In his journey through U.S. history, marked by numerous crimes against humanity, genocides, wars of aggression, and other abysses, the author always appeals to the principle of the human family that unites us all.”

—**Richard-Heinrich Tarenz, *Wild Magazin***

“Daniele Ganser’s *USA: The Ruthless Empire* is interesting and worth reading—because the author does not practice one-dimensional criticism of the USA. He consistently appeals to principles and ideals: UN ban on the use of force, mindfulness and what he calls the human family.”

—**Erich Gysling, *Infosperber***

“Every war begins with a lie, as Ganser’s many examples comprehensively demonstrate. But he also emphasizes that there have always been people guided by ethical values and that in the current peace movement, it is important to maintain these values. In my opinion, this book belongs in every school, university and city library.”

—**Christiane Borowy on *KenFM***

“A book absolutely worth reading. It opens eyes, creates consternation and shows the only viable way: The path to the future must be a peaceful one!”

—**Angelika Gutsche in *Freitag***
